

Camp Dance is a blast! These season we are offering our very own "GLEE CLUB" - musical theatre at it's best. We use workshop type classes that allow for improvisational routines to be built through the week. Dancers get a chance to workout in classes they may not normally get a chance to participate in through the year. We encourage individuality, expressionism, and risk taking in the summer camp. There is a separate recreational and competitive program...and on Friday at 3:00 we show you what we have done with your kids...

Did I mention it is crazy wild fun?
